

**ARIZONA DEPARTMENT OF  
TRANSPORTATION**

**PUBLIC MEETING**

**Your Input is Needed on  
US 93: SR 89 to Wickenburg Interim Bypass**

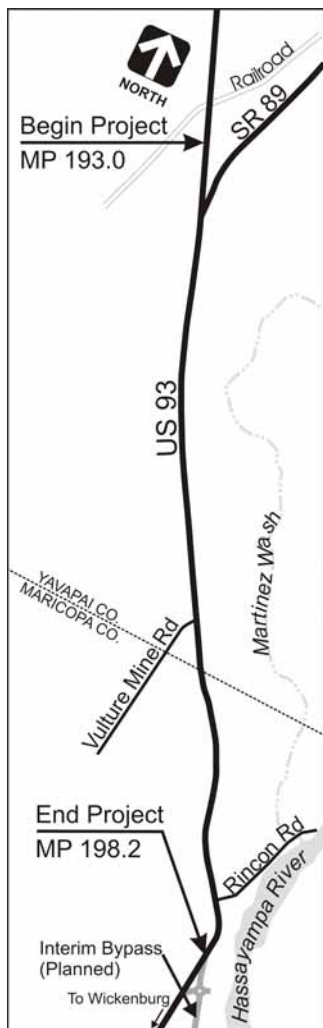

**Tuesday, January 30, 2007  
Wickenburg Community Center  
160 North Valentine Street  
Wickenburg, AZ  
6 pm – 8 pm (MST)  
Presentation Time – 6:30 pm**

The general public is invited to attend an informational meeting about potential improvements to US 93 between the State Route (SR) 89 intersection and the northern end of the planned Wickenburg Interim Bypass (map, right). The Arizona Department of Transportation (ADOT), in cooperation with the Federal Highway Administration (FHWA), is studying US 93 from milepost (MP) 193.0 to 198.2 to identify ways of improving traffic flow and the potential environmental impacts that would result from construction of improvements.

The purpose of the meeting is to update the public on the progress of the study and to get feedback on the alternatives that have been developed. The meeting will focus on potential changes in access to adjacent properties.

The comments received from this meeting will be used to adjust the design concepts and evaluate their potential environmental impacts. Representatives from ADOT, FHWA, and engineering consultants will be present to answer your questions and address your concerns. Conceptual drawings and map displays will be available for viewing.

For additional technical information, you may contact Berwyn Wilbrink, phone: (480) 763-8609, email: [berwyn.wilbrink@jacobs.com](mailto:berwyn.wilbrink@jacobs.com). Project information is also available at [www.wickenburg.civilnet.sverdrup.com](http://www.wickenburg.civilnet.sverdrup.com). Written comments may be submitted by February 14, 2007, via the project website above, or sent to ADOT c/o Laura Nordan, Jacobs Engineering, 875 W. Elliot Rd., Suite 201, Tempe, Arizona 85284; fax (480) 763-8601.
